ALL SHOES, ALL THE TIME

Think of it as a shoes-only version of eBay—no more wading through posts of computer parts, used cars and torn designer clothes (barely noticeable!!!!). A new footwear-only auction site, iftshoesdoesntfit.com, offers men and women an easy way to unload unwanted shoes for \$1 per auction listing or a forum for free shoe swapping. We clicked through and saw some Gucci loafers, Calvin Klein pumps, Tahari wedges and even one pair of **Louboutin stilettos**. Although we figure there's about as much buyer-beware authenticity concerns as on eBay itself, the overall concept is pretty interesting. [Racked Inbox]
